"LUXAIR"

ALL KAYLINE TOPS OFFER T

- ★ Top Seams and Glasses Electronically welded to insure a strong, air-tight bond that eliminates wicking and leaking of moisture.
- ★ Styled from Vinyl-coated, Preshrunk, Scotchgarded, Waterproof sports topping.
- ★ Chrome outside door handles.
- ★ Glasses of stain resistant AS-6 Vinyl approved in all states.
- ★ Brass zipper in rear curtain, brass buckles and cadmium-plated hardware to resist rust and corrosion.

ALL MODEL KAYLINE TOPS AVAILABLE IN RED, BLUE, GREEN, TURQUOIS

KAYLINE DOUBLE WINDOW CONVERTIBLE

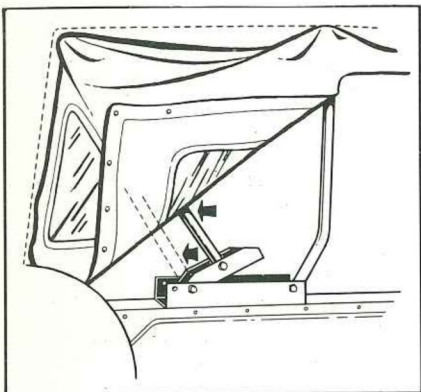

ONLY KAYLINE CONVERTIBLES HAVE . . .

Our exclusive Bow Release Bracket eliminates the difficult task of trying to refasten snaps after top has been in down position. By releasing the bows the entire top sags, enabling all snaps to be fastened with ease. With all snaps fastened, engage the bow release mechanism and your Kayline top snaps into a taut, attractive enclosure with a minimum of effort.

MODEL SHOWN C-5-D

Double window convertible in white vinyl. Also available in Black Vinyl at no additional cost. With zippered door glass as shown optional at slight additional cost.

FULL TOP

FEATURING

- ★ Maximum ventilation with maximum shade.
- ★ Zip open side panels for quick and easy side loading accessibility.
- ★ Sides roll up and strap in place.
- ★ Quick change from a warm winter enclosure to a cool summer top.

KAYLINE HALF TOP

*STANDARD • CONVERTIBLE

MODEL SHOWN H-5-C

Half-top in White Vinyl sport topping with standard doors.

- * Standard when installed on vehicle with regular Half Top Bows.
- Convertible when installed with the new KAYLINE Convertible Half Top Bows.

THESE OUTSTANDING FEATURES

- ★ Exclusive quick fastening device over windshield for easy lowering of top on convertibles and half tops (except CJ-2A and Military).
- ★ Large glass areas for unrestricted visibility. White topping has black interior for less glare — less soil.
- ★ Stitched with Durable Dacron Thread.
- ★ Top Kit complete with all mounting hardware.
- ★ Vinyl surface easily cleaned with non-detergent soap.
- ★ Easy installation, with detailed instructions, for all models.

AND TAN VINYL ON SPECIAL ORDER AT SLIGHT ADDITIONAL COST

"JEEPSTER" CONVERTIBLE

Model Shown
C-101

FEATURING

- Metal door header for weathertight seal between door glass frame and top.
- Drip rail and rain diverter over doors.
- Quick fastening device over windshield for easy lowering of top.
- Concealed zipper installation at rear corners to lessen chances of water leaks.
- Roll-up side and rear panels for open air fair weather driving.
- Extra large glasses for unrestricted visibility.
- Exclusive bow release brackets.
- Easy, uncomplicated installation.

Jeepster Half Top and Tonneau Covers

Model Shown
Half Top H-101
Tonneau T-101-C

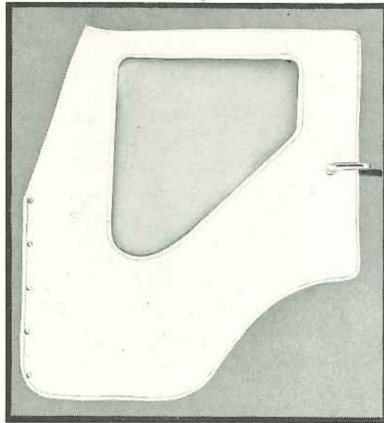

For utility yet attractive in appearance, Kayline offers this unequalled combination convertible half top and Tonneau cover. Notice the excellent visibility, the trim fit, a drip rail and rain diverter over the doors, roll-up rear center curtain with concealed zippers and design so as not to interfere with the attractive Jeepster lines . . . Remember also, this half cab employs a metal header against which the door glass frame closes to facilitate a tight weather seal. While the Tonneau cover is matched and integrated with the top to provide cargo protection against the elements, it is a separate item and must be ordered separately. Of course, this means the convertible half top can be purchased separately.

Model Shown
Tonneau T-101-M

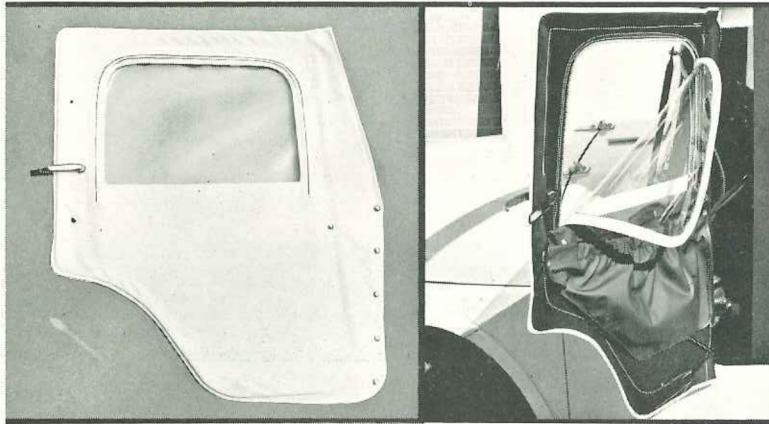

For Cargo protection with the metal half cab of the "Jeepster Pickup," Kayline offers a Tonneau cover designed specifically for this adaptation. Easily installed and being quickly removable for access, it is functional as well as attractive. Low in cost, this is a most desirable accessory.

OPTIONAL DOORS

STANDARD DOORS

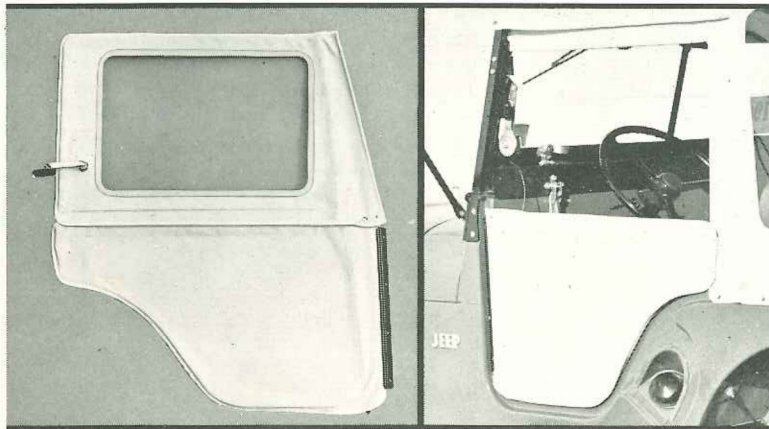

Included with each Kayline Top unless otherwise specified.

ZIPPERED WINDOW DOOR

For quick easy ventilation and added convenience, the glass area zips out on three sides.

No storage problem here as the zipped out glass folds down into a convenient storage pocket.

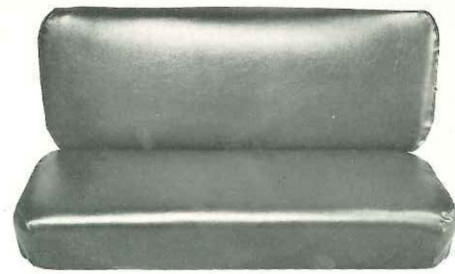

DUTCH DOORS

A two-piece door arrangement that is both practical, versatile, and easily stored.

Remove top half for maximum ventilation and retain bottom half for safety.
